

NOTIFICATION TO THE PARTIES

No. 2014/061

Geneva, 12 December 2014

CONCERNING:

Implementation of the Convention for trade in specimens of
Dalbergia cochinchinensis under the synonym *Dalbergia cambodiana*

1. Range States of *Dalbergia cochinchinensis* have expressed concern that specimens of this species are being traded under the name *Dalbergia cambodiana*, and that this is causing confusion regarding whether the trade in these specimens is subject to the provisions of CITES.
2. Considering the supporting statement for the inclusion of *Dalbergia cochinchinensis* in Appendix II (see document CoP16 Prop. 60) and, having consulted the nomenclature specialist of the Plants Committee, the Secretariat advises Parties that *Dalbergia cambodiana* should be treated as a synonym of *Dalbergia cochinchinensis*. Consequently, specimens traded under the name *Dalbergia cambodiana* should be treated as included in Appendix II, and such trade should be regulated accordingly.
3. Parties that wish to report problems regarding the implementation of the Convention for *Dalbergia cochinchinensis* are invited to send their communications to: info@cites.org.
